

CK CHEMICAL PRODUCTS, LLC

SPECIALTY CONSTRUCTION CHEMICALS

PRODUCT LIST

Form Release Agents/Form Treatments

Bio Strip WB	100% biodegradable water based form release agent
Spec Strip	General purpose reactive form release agent
Spec Strip Plus	Low odor premium reactive form release agent
Spec Strip Supreme	Water clear premium reactive form release agent
Precast 80	Fast drying premium reactive form release
Tri Act	Multi-purpose form treatment concentrate
Form Seasoning WB	Water based aluminum form seasoning treatment

Cures & Sealers

PolyCure	25% solids solvent-based cure & seal (ASTM C-1315 compliant)
Cure & Seal 25	25% solids solvent-based cure & seal (ASTM 309 & 1315 compliant)
Cure & Seal 25 UV	25% solids solvent-based cure & seal (ASTM C-1315 class A compliant)
Cure & Seal 30	30% solids solvent-based cure & seal (ASTM 309 & 1315 class B compliant)
Cure & Seal WB	Water-based cure & seal (ASTM C-309 compliant)
Cure & Seal WB 25	25% solids water-based cure & seal (ASTM 309 & 1315 class A compliant)
CureShield	One step cure & seal containing silane (ASTM 309 classes A&B compliant)

Evaporation Retardant

Spec Film RTU	Evaporation retardant & finishing aid
Spec Film Concentrate	Concentrated evaporation retardant & finishing aid

Sealers

Surface Shine	High-gloss acrylic sealer (ASTM 309 & C-1315 Class A)
Surface Shine WB	High-solids water-based acrylic sealer (ASTM C-1315 Class A)
Surface Shine Gray/Brown	Single package, ready to use, gray/brown pigmented sealing system
Deco Shine Plus	Premium gloss & durability exterior sealer
Crystal Shine	High gloss lacquer-based sealer
Spec Shield WB	Silane-Siloxane water based penetrating sealer
SpecSilane 20 WB	20% Solids water-based deep penetrating silane sealer
SpecSilane 40/40 WB	40% Solids deep penetrating silane sealer

Cures & Hardeners

Cure Hard	Sodium silicate cure & dustproofing
Eco Cure	Concrete Curing Compound
Spec Hard	Siliconate sealer & densifier

Paving Curing Compounds

Spec City White	White pigmented, water-based wax curing compound (non-spec)
PaveCure WW	Water-based, white pigmented wax membrane curing compound
PaveCure CW	Water-based, clear wax membrane curing compound
PaveCure Rez Clear	Water-emulsified, resin-based curing compound
PaveCure Rez White	White pigmented, water-emulsified resin-based curing compound

Resin Curing Compounds

Spec Rez	Water based resin cure (ASTM C-309 Type 1 Class A & B)
Crystal Rez	Clear water based resin cure (ASTM C-309 Type 1 Class A & B)

Bondbreakers

Spec Tilt 100	Premium reactive solvent-based tilt-up bondbreaker
Spec Tilt WB	Reactive water-based bondbreaker
Spec Tilt QD	Quick drying reactive solvent-based bondbreaker
SC Foundation Coating	Cement based waterproofing

Expansion Joint

Spec Flex	Fiber Expansion Joint (meets ASTM D-1751)
-----------	---

Miscellaneous

K-Set	Non-corrosive accelerating admixture
-------	--------------------------------------

Acrylic Bonding Agents

Acrylic Bonder	Non-rewettable acrylic bonding agent & admixture
Spec Weld	Rewettable acrylic bonding agent
Spec Prime	Re-emulsifiable underlayment primer for Spec Flow

Surface Retarders

Spec Etch	Horizontal Surface retarder
Spec Etch Deep	Horizontal Deep surface retarder

Cleaners & Strippers

Citrus Cleaner	Biodegradable citrus based solvent & degreaser
SpecBlast	Biodegradable cleaner to remove hardened concrete from forms, tools, etc.
Deco Liquid Release	Root beer scented release agent for decorative stamps
Solvent 100	High strength solvent cleaner and thinner
Xylene	High strength solvent cleaner and thinner

Epoxies

Specpoxy 1000	ASTM 881 compliant hi-mod, low viscosity epoxy
Specpoxy 2000	ASTM 881 compliant hi-mod, medium viscosity epoxy
Specpoxy 3000	ASTM 881 compliant hi-mod, gel viscosity epoxy
Specpoxy 3000 FS	Fast setting ASTM 881 compliant hi-mod, gel viscosity epoxy
SpecPoxo Coating	100% solids, chemical resistant, high-build coating
SpecPoxo Binder	ASTM 881 compliant low-mod, low viscosity epoxy binder/adhesive
SpecPoxo Mortar	100% solids, multi-purpose epoxy mortar repair kit
Specpoxy C.J.	100% solids, semi-rigid epoxy control joint filler

Grouts and Anchoring Cements

Spec Precision Grout	High flow/high strength, non-shrink, non-metallic grout (meets ASTM C-1107)
SC Multi-Purpose Grout	Non-shrink, nonmetallic construction grout (meets ASTM C-1107)
SC Metallic Grout	High strength, non-shrink, metallic grout (meets ASTM C-1107)
Spec Rock	Non-shrink, fast setting, pourable anchoring cement
Specpoxy Grout	high strength epoxy grout

Shake on Hardeners

Quartz Floor Hardener	Non-metallic dry-shake floor hardener
SpecPlate Hardener	Metallic dry-shake floor hardener
SpecPlate NoX	Non-oxidizing metallic dry-shake floor hardener

Repair Mortars

Precast Patch	General purpose concrete repair mortar used for horizontal and vertical applications
SpecPatch	General purpose concrete repair mortar
DuoPatch	Polymer-modified concrete repair mortar
Repcon H	Single component polymer-modified concrete repair mortar
Repcon V/O	Single component polymer-modified concrete repair mortar
RepCon 928	Single component, cementitious, rapid hardening structural repair
SpecSmooth	Polymer-modified concrete repair/resurfacing mortar for thin applications
SpecFlow	Premium self-leveling cement-based underlayment
SpecPlug	Fast setting hydraulic cement designed to stop active water leaks
SpecCrete	Pre-extended high strength Portland-cement concrete repair concrete
